February 5, 2013**

This has reference to my letter dated Jan 23, 2013 regarding National Workshop on Land Reforms at Hyderabad on Feb 5, 2013. Please find enclosed session plan for the one day workshop. You are requested to come prepared with your presentation, primarily focusing on the following:

- (i) Short description of problems and challenges faced by the poor in accessing and securing title over land
- (ii) Current efforts (last 1-2 years) undertaken by the state government to secure greater access to land to the poor
- (iii) Areas that need to be focused to enhance access of land to the poor and a time bound agenda for action that can be formulated by the state
- (iv) Commitment and outputs under item (iii) including the implementation plan

**I would like to request that you may like to focus on the item (iv) in your presentation and the same will be taken up for discussion after your presentation.**
