The Chairman, SLNA for IWMP
All States

Sub.: Allocation of minimum tentative targets under IWMP for the year 2015-16-reg.

Sir,

This is to inform that initial tentative targets for new projects under Integrated Watershed Management Programme (IWMP) during 2015-16 have been approved by the competent authority. The list of State wise targets is enclosed.

2. The Preliminary Projects Reports (PPRs) for the projects to be proposed during the year 2015-16, after approval of the SLNA, may be furnished to this Department latest by 15th March, 2015 for appraisal of the Steering Committee of the Department of Land Resources. The Steering Committee meeting is likely to be held in the month of April, 2015

3. Only one meeting of the Steering Committee is expected to be held for the appraisal of the PPRs. Therefore, any delay in submission of the PPRs' may result in such PPR not being appraisal.

4. It is also informed that before the appraisal of PPRs by the Steering Committee, the data entry for both physical and financial indicators be updated in the MIS. The review of MIS entry will be done online and progress observed up to one week before the meeting will be presented by the NIC Unit of DoLR for review during the Steering Committee meeting. Hence, it is requested to update the data in the MIS to reflect disbursement of funds up to Watershed Committee (WC) and to reflect expenditure at all levels, atleast to the level of the latest Utilization Certificate.

5. The other procedures and guidelines on IWMP issued by the Department from time to time may be complied with.

6. Keeping the above targets in view, States are requested to prepare their Annual Action Plans for 2015-16. The date of the meeting for discussions of the Annual Action Plans of States will be communicated separately.

Yours faithfully,
