Sub.: Revised format for presentation of proposals before 'Steering Committee for Integrated Watershed Management Programme' of the Department of Land Resources – reg.

Sir,

Please find attached herewith the revised presentation format for appraisal and clearance of proposals under Integrated Watershed Management Programme (IWMP) by the Steering Committee of the Department. The same can also be downloaded from the Department's website www.dolr.nic.in

The structure is intended to secure minimum information for appraisal of new projects by the Steering Committee for IWMP and to review the progress made under the sanctioned IWMP projects in the States. However, the States are free to bring forth additional details in this regard. Further, it is requested that the color scheme prescribed in the attachment may be followed while preparing maps. The photographs to be included in the presentation should have GPS coordinates along with the other location details viz; project name, year, village, block / taluka, district and be taken before & after the work has been accomplished.

It is requested that henceforth, the revised formats may be adopted for the presentation before the Steering Committee for IWMP.

Yours faithfully,
