Subject: Registration of Agencies on PFMS

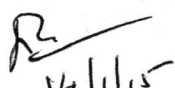

Sir,

I am directed to refer to letter of even number dated 8.12.2014 and subsequent emails on the subject wherein it was requested to complete the registration of all the agencies in the state on PFMS by 31.12.2014. However the progress of agency registration has been found to be slow.

It is therefore requested that this work may be taken up in a mission mode and registration of all the agencies including Watershed Committee level may be completed by 31.1.2015.

Further training programs for SLNA experts and account officers on implementation of PFMS is being planned details of which will be communicated shortly. It is important that all the agencies under SLNA are registered by the time the training program is conducted.

Yours Faithfully,
